

Demo: mmWave SDK Demo 16xx – Release Notes

Overview

The mmWave Demo is used with an online GUI to show the visualization of processed radar data. The demo source code is pulled from the mmWave SDK when the project is imported into CCS. The GUI is configurable and is able to display several different plots.

Features

- Supports mmWave SDK 2.0.0.4
- Updated to support xWR16xx ES2.0 devices. Please note that xWR16xx ES1.0 devices are not supported in this release. Please refer to SDK 2.0.0.4 release notes for more information.

New and Updated Features

N/A
